Furry & Feathered Neighbors

Majestic Oaks is pet friendly. We love our furry and feathered neighbors! Their safety is incredibly important to us.

As of 2023 66% of American households have a pet. And Majestic Oaks knows how much our pets mean to us. In an effort to keep them happy, healthy, and safe please remember these community rules found in your lease:

1. The animal must not disturb the neighbors or other residents.
2. Animals may not be tied to any fixed object, inside or outside the unit.
3. You must keep the animal on a leash and under your supervision when outside the dwelling. They should always be under your supervision on the patio/balconies.
4. ESA animals must follow all community pet rules as well.
5. Current shot records should ALWAYS be on file at the office. When you take your pet for its recent shots send us an email with the paperwork.
6. There is a pet waste violation fee of \$25 for not picking up after your pet.

Fall Allergy Home Remedies

For those of us that experience allergy flare ups in the late summer to early fall, it's usually due to the pollen produced by ragweed, sagebrush, and other weeds. Certain trees and grass varieties can trigger symptoms too. Symptoms like a stuffy nose and itchy eyes can be downright awful, so here are three home remedies to help relieve these symptoms and keep you active throughout the season:

1. Butterbur extract, taken as a tablet, is known to relieve itchy eyes and throat.
2. Boil a few drops of tea tree oil in a saucepan full of water and pour the solution into a mug or bowl. Hold the mug or bowl under your nose and breathe in the steam. The steam will help open your nasal passageways, while the tea tree oil can help kill germs.
3. Mix a pinch of iodine-free salt with a pinch of baking soda and add to one cup of distilled water. Stir the solution and add to a nasal bulb. Lean over the sink and gently squeeze a stream of the solution into one nostril and allow the liquid to rinse out. Repeat with the other nostril.

Note: Always consult your physician before making changes or introducing new activities into your health regimen.

Apple Spiced Cake

Dive into fall! Apple spice cake is a layered cake with cinnamon cream cheese frosting. The fresh apples and cinnamon make every bite flavorful!

Instructions

1. Preheat oven to 350 F. Grease three 6-inch round cake pans with nonstick spray or my magic cake pan release and set aside.
2. In a medium bowl, whisk together flour, baking powder, baking soda, salt, cinnamon, nutmeg and ginger. Set aside.
3. In a large bowl, beat sugar, brown sugar, vegetable oil, applesauce, sour cream, eggs and vanilla until well combined. Add flour mixture to wet ingredients in three parts, mixing just until combined after each addition. Stir in apples with a wooden spoon or rubber spatula.
4. Divide batter evenly into prepared pans. Bake cakes for 30 to 35 minutes or until a toothpick inserted in the center comes out with little to no crumbs. Let cakes cool in the pans for 10 minutes before transferring to a wire rack to cool completely.
5. In a mixing bowl, beat cream cheese and butter until light and fluffy. Beat in vanilla. Add confectioners' sugar and cinnamon, then mix just until combined, scraping down the sides and the bottom of the bowl as necessary.
6. If the cakes domed while baking, use a serrated knife to level them until flat. Place the first cake on a plate, then top with a scoop of frosting and spread evenly. Top with the second layer and frost again. Top with third layer and use the remaining frosting to frost the top and outside of the cake. Garnish with chopped pecans (or spiced pecans), cinnamon sticks and/or apple slices.

Cultura

Hispanic Heritage Month is a celebration of culture and we couldn't have it without tú!

Hispanic Heritage Month (HHM) takes place September 15 to October 15 every year as a time to recognize and celebrate the many contributions, diverse cultures, and extensive histories of the American Latino community. The month also celebrates the independence days of several Latin American countries, including: Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua on September 15th, Mexico on September 16th, and Chile on September 18th. They also include holidays that recognize Hispanic contributions such as Virgin Islands-Puerto Rico Friendship Day that is celebrated in the U.S. Virgin Islands.

Three states saw their Hispanic populations increase by more than 1 million from 2010 to 2021. Texas (2.4 million increase), California (1.7 million) and Florida (1.6 million) together accounted for half of the nation's Hispanic population growth over the past decade.

Elevate your Coffee Experience

Whether it's curling your hands around a warm cup, listening to the clink of ice, or relaxing in a shop filled with friendly people, there's something special about grasping a cup of coffee at a favorite cafe. But while visiting a coffee shop is a fun treat, it can be an expensive habit. Try these hacks to make your coffee at home just as delicious!

- Make your milk light and creamy with a milk frother or a mason jar. You can snag a handheld milk frother for less than \$10, or pour milk in a mason jar, tighten the lid, and shake vigorously.
- Did you know you can add flavors straight into your coffee grounds? Crushed hazelnuts, cocoa powder, and ground cinnamon or nutmeg are excellent enhancements.
- Freeze cubes of coffee, milk, or creamer, and say goodbye to watered-down iced coffee!
